

Aluvision Inc. is a dynamic and growing company that specializes in high-end aluminum design solutions for booth building, showrooms and displays. A committed team ensures top performances for customers around the world. To further support our growth we are looking to expand our team with an eager and enthusiastic HR Manager!

## HR MANAGER

### REQUIREMENTS

- You hold a Bachelor's degree in an HR related field of study.
- Experience within the recruitment industry is strongly recommended.
- You're an enthusiastic and eager employee looking for a dynamic and growing employer.
- You've got strong people skills and you're a good judge of character.
- You're used to working with MS Office and social media on a daily basis.

### YOUR POSITION

- As an HR Manager you're the driving force behind our recruitment process.
- You're responsible for filling all our openings: You're excellent at screening resumes and know exactly who fits the team.
- You're the first port of call for all of our recruitment partners and actively look for new opportunities in the field.
- You organize and represent Aluvision at local job- and graduate fairs.
- HR admin, onboarding and streamlining diverse HR related matters our part of your tasks too.

### OUR OFFER

- A challenging and permanent job in a fast growing and international environment.
- An open corporate culture where innovation and customer-oriented thinking prevail.
- A responsible job with room for initiative and the possibility of taking a variety of training courses.
- An enthusiastic team of talented co-workers.
- An appropriate compensation in accordance with knowledge & experience, supplemented with benefits.
